Novel Ideas

Novel Ideas provides a substantial introduction to the elements of fiction followed by in-depth interviews with successful novelists who speak with candor and insight into the complex process by which a novel is made. This edition includes new and updated interviews as well as writing exercises to enhance its use in the writing classroom. Dorothy Allison recalls \"deliciously self-indulgent\" days of writing in her bathrobe, wrapped in misery and exultation; Peter Cameron explains how he made the move from short fiction to the novel with the aid of a music composer's notebook to track the movement of his characters. Writers as different as Ha Jin, Jill McCorkle, Richard Ford, and Michael Chabon describe their unique approaches to their work while consistently affirming the necessity of committing to the hard effort of it while also remaining open to surprise. Aspiring novelists will find hands-on strategies for beginning, working through, and revising a novel; accomplished novelists will discover new ways to solve the problems they face in process; and serious readers of contemporary fiction will enjoy a glimpse into the way novels are made. Includes interviews with: Dorothy Allison, Larry Brown, Peter Cameron, Michael Chabon, Michael Cunningham, Robb Forman Dew, Richard Ford, Ha Jin, Patricia Henley, Charles Johnson, Wally Lamb, Valerie Martin, Jill McCorkle, Sena Jeter Naslund, Lewis Nordan, Sheri Reynolds, S. J. Rozan, Jane Smiley, Lee Smith, Theodore Weesner

Winner of a \"Discovery\"/The Nation Award Winner of the 1999 PEN/Joyce Osterweil Award for Poetry Some Ether is one of the more remarkable debut collections of poetry to appear in America in recent memory. As Mark Doty has noted, \"these poems are more than testimony; in lyrics of ringing clarity and strange precision, Flynn conjures a will to survive, the buoyant motion toward love which is sometimes all that saves us. Some Ether resonates in the imagination long after the final poem; this is a startling, moving debut.\"

Metropolis Burning

Walter McCloud is a boy with dreams unlike most. Introduced as a child to the genius of Balanchine and the lyricism of Tchaikovsky, Walter has always aspired to be a dancer. As he grows older, it becomes clear that despite his desire, he lacks the talent, and he faces the painful knowledge that his more gifted friends have already surpassed him. Soon, however, that pain is overshadowed when his older brother, Daniel, finds a strange lump on his neck and Walter realizes that a happy family can change overnight. The year that follows transforms the McClouds, as they try to hold together in the face of the fearful consequences of Daniel's illness, and Walter makes discoveries about himself and his friendships that will change him forever. Decades later, after Walter has left home and returned, he must come to terms with the memories of that year,

and grapple once and for all with the challenge of carving out a place for himself in this all-too-familiar world. A moving story of the torments of sexuality and the redemptive power of family and friendship, *The Short History of a Prince* confirms Jane Hamilton's place as a preeminent novelist of our time.

Mercurial: The Definitive Guide

Short lyrical bursts blurring the lines between poetry and fiction, real and imaginary, humor and hope.

The Short History of a Prince

Laura and Charlie Rider have been married for twelve years. They share their nursery business in rural Wisconsin, their love for their animals, and their zeal for storytelling. Although Charlie's enthusiasm in the bedroom has worn Laura out, although she no longer sleeps with him, they are happy enough going along in their routine. Jenna Faroli is the host of a popular radio show, and in Laura's mind is "the single most famous person in the Town of Dover." When Jenna happens to cross Charlie's path one day, and they begin an e-mail correspondence, Laura cannot resist using Charlie to try out her new writing skills. Together, Laura and Charlie craft florid, strangely intimate messages that entice Jenna in an unexpected way. The "project" quickly spins out of control. The lines between Laura's words and Charlie's feelings are blurred and complicated, Jenna is transformed in ways that deeply disturb her, and Laura is transformed in her mind's eye into an artist. The transformations are hilarious and poignant, and for Laura Rider, beyond her wildest expectations.

Microsoft Visual Basic 2008 Express Programming for the Absolute Beginner

"A beautiful, intelligent book that renders pain both ordinary and extraordinary into art."—Susanna Sonnenberg, San Francisco Chronicle In 2007, during the months before Nick Flynn's daughter's birth, his growing outrage and obsession with torture, exacerbated by the Abu Ghraib photographs, led him to Istanbul to meet some of the Iraqi men depicted in those photos. Haunted by a history of addiction, a relationship with his unsteady father, and a longing to connect with his mother who committed suicide, Flynn artfully interweaves in this memoir passages from his childhood, his relationships with women, and his growing obsession—a questioning of terror, torture, and the political crimes we can neither see nor understand in post-9/11 American life. The time bomb of the title becomes an unlikely metaphor and vehicle for exploring the fears and joys of becoming a father. Here is a memoir of profound self-discovery—of being lost and found, of painful family memories and losses, of the need to run from love, and of the ability to embrace it again.

On the northern slope of the island of Serendipity is a small, wonderful kingdom called the Land of Later. In this kingdom there lived a young, beautiful princess who everyone simply called Princess. The castle was governed by the king's simple rules. One of those rules was that when you woke in the morning, you cleaned your room and made your bed. Princess hated rules. Most of all, she hated doing anything at any time unless it was much, much later. This morning, as on others, she awoke, got dressed, and went outside and took a walk instead of cleaning her room. Princess walked into the forest near the castle. "I should start back before I get lost," she whispered to a bunny on the path. Then she laughed, "I will go back but just, just a little later!" It was on the journey that Princess met a unicorn called Morgan. And it was on this journey, with the help of Morgan, that she learned that doing things now is always much better than later.
