I Cavalieri Templari Della Daga Dorata Introduction

I cavalieri templari della Daga Dorata

Attingendo a fonti fino a oggi sconosciute, l'Autore rivela l'esistenza di un Ordine templare segreto, sconosciuto agli stessi Cavalieri, che oltre a raccogliere tutte le conoscenze iniziatiche delle religioni del tempo, operava per la creazione di un mondo basato sulla pace, sulla riunificazione dei diversi credi religiosi, sulla parola di Gesù e gli insegnamenti di Maddalena. Ai 33 Cavalieri della Daga Dorata, dotati di un loro sacro sigillo con le 15 stelle della Costellazione della Vergine, l'umanità deve non soltanto le straordinarie cattedrali gotiche, ma tutte le conoscenze scientifiche, economiche, agrarie e costruttive che rivoluzionarono la società del Medioevo. Oggi, grazie al misterioso gruppo dei Rex Deus, è stato possibile accedere al \"Livre Occulte\" che raccoglie i loro testi segreti, il vero tesoro. L'Autore – che già ha fatto conoscere l'esistenza di Melchisedek, il vero ruolo di Maddalena nella storia e il Testamento Segreto di Gesù –, questa volta in prima persona e non attraverso una finzione letteraria, solleva la cortina di silenzio e menzogne che in tutti questi secoli ha offuscato l'immagine dei Templari. Gli appassionati dei Cavalieri del Tempo, e in particolare i membri di Società segrete e Ordini templari moderni, ne potranno apprezzare gli insegnamenti e il coraggio dimostrato anche nell'avversa fortuna, per la costruzione di una società fondata sul bene comune, l'armonia e l'amore del Cristo. I riti venuti alla luce mostrano la profondità spirituale dei 33 Cavalieri e le loro conoscenze esoteriche volte a superare le barriere tra le dimensioni.

Le società esoteriche

Un libro per promuovere la conoscenza, seppure circoscritta, contenuta e sintetica, di strutture associative esoteriche che hanno lasciato un'importante impronta nel cammino dell'umanità. Questi movimenti associativi hanno contribuito allo sviluppo culturale ed esoterico dell'uomo apportando ideologie e diffondendo regole, metodi, missioni, simbologia e società con caratteristiche iniziatiche. Il volume descrive le finalità, l'essenza spirituale, l'ideologia che alcune associazioni caldeggiano per affermarsi nella comunità sociale. In questo excursus sono classificati, in senso propedeutico, diversi ordini, definizioni, ruoli, gerarchie, simboli, glossari, curiosità, dogmi, termini religiosi e spirituali, filosofie, peculiarità e differenze delle religioni cristiane. Vengono esposte inoltre rilevanti conoscenze relative ai Templari, all'Alchimia, ai Rosacroce, nonché alla Massoneria e all'Opus Dei.

Sotto Il Velame Saggio Di Un'Interpretazione Generale Del Poema Sacro

The structure of this book allows you to learn in a simple and understandable way, at least that is the intention of the author, the central content and the fundamentals of the original message of the Templar Knighthood, beyond the fictional, folk, bizarre, false, and misleading aspects. The analysis of the profound and original motivations that underlie the movement of the Knights of the Temple, as well as the historical and social context, are essential elements not only for understanding the spirit of knighthood but also for recognising the reasons for the rapid spread of this organisation and its role in the military, economic, and spiritual history of medieval Europe. This book represents an exercise, and effort that the author hopes will be understood by the reader and eventually appreciated, since the person who writes this pursues, in everyday life, a profession that is not that of a professional historian.

L'Ordine dell'Aquila di Georgia e della Tunica senza cuciture di Nostro Signore. Uno studio sulle origini medievali. Ediz. italiana e inglese

A History of Siena provides a concise and up-to-date biography of the city, from its ancient and medieval development up to the present day, and makes Siena's history, culture, and traditions accessible to anyone studying or visiting the city. Well informed by archival research and recent scholarship on medieval Siena and the Italian city-states, this book places Siena's development in its larger context, both temporally and geographically. In the process, this book offers new interpretations of Siena's artistic, political, and economic development, highlighting in particular the role of pilgrimage, banking, and class conflict. The second half of the book provides an important analysis of the historical development of Siena's nobility, its unique system of neighborhood associations (contrade) and the race of the Palio, as well as an overview of the rise and fall of Siena's troubled bank, the Monte dei Paschi. This book is accessible to undergraduates and tourists, while also offering plenty of new insights for graduate students and scholars of all periods of Sieneese history.

Templars and Rosicrucians. The Inner and Secret Part of the Temple Order. The Brotherhood of the Old Rose+Croix

Un tesoro da scoprire, un gran segreto da proteggere e una serie di misteriosi avvenimenti che vi lasceranno senza fiato. Inizia così il mio terzo Romanzo storico/fantasy, che come il primo è ambientato sempre nell'alto Medioevo e ne rappresenta, in sostanza una prosecuzione temporale, anche se con personaggi ed eventi completamente diversi. Il libro è diviso in tre epoche temporali apparentemente diverse, ma che in un certo qual modo sono collegate tra loro. Tutto ha inizio con la costituzione di un ordine cavalleresco – monastico, l'ordine dei Cavalieri Templari. Da lì in poi una serie di circostanze porteranno i nostri Cavalieri a Gerusalemme alla ricerca del Tempio di Salomone. Perché il Romanzo è diviso in tre epoche temporali? Quale segreto nasconde la luna legato ai Cavalieri Templari? Non vi resta che leggere queste pagine per catapultarvi in un affascinante e avvincente salto nel tempo, tra combattimenti, intrighi, inseguimenti e continui colpi di scena.

Templar Catechism

The vast majority of us unknowingly suffer from a slave mentality. We constantly experience the psychological phenomena of cognitive dissonance, where our beliefs and behaviour are in conflict, and Stockholm syndrome - the traumatic bonding with a captor. Our ability to decode reality is linked to what we are able to perceive. Icke believes our reality has been hijacked by an invisible force the Gnostics used to call

Archons. He maintains that we are headed towards a cashless world and human settlements which are projected as local community initiatives but are actually centralized systems of control. Our health is being systematically weakened: if you are sick, you are easier to control. Ickes dystopian view of the future assumes that the masses will stay glued to their TVs, locked forever into the hive mind of the Matrix, which says "I have no power." Can humanity break free? Through truth and love we can become who and what we really are.

A History of Siena

THE BORDER WARS An uneasy peace had prevailed these last few years between the Empire of Videssos and rival Makuran. But now Makuran's King of Kings alerted his border holdings--even the small fortress where Abivard's father was lord--to prepare for barbarian raids. But Abivard himself received a warning of a different sort: an eerie prophecy of a field, a hill, and a shield shining across the sea. Before a season had turned, his father and his King lay dead upon the field of battle--the very place foreseen in the vision. Abivard hastened home to defend his family and his land. To his dismay, the most urgent danger came not from marauding tribes, or from Videssos, but from the capital. An obscure and greedy bureaucrat had captured the crown; the rightful heir had disappeared, and no mortal man would say where he might be found. Abivard's strange fate would lead him to his King, though, and on through peril to the very brink of greatness--and of doom! **FIRST TIME IN PRINT**

And David is very good at what he does: manipulation, bribes, and threats--anything goes, so long as he delivers. Other agents can do nothing but watch jealously as his top-secret, high-level informant, Janus, rockets David to success. But after David suffers a stroke during a high-speed car chase, crashing violently into the wall of a tunnel, he wakes up in a hospital with no memory at all of Janus or the past two years of his life. David only knows that he has to reconnect with Janus to protect himself and his informants before outside forces bring the whole network crashing down. Fortunately, he has his supportive friends and colleagues to help him rebuild his life ... or does he?"--

In this short, lucid, rich book Michael Dummett sets out his views about some of the deepest questions in philosophy. The fundamental question of metaphysics is: what does reality consist of? To answer this, Dummett holds, it is necessary to say what kinds of fact obtain, and what constitutes their holding good. Facts correspond with true propositions, or true thoughts: when we know which propositions, or thoughts, in general, are true, we shall know what facts there are in general. Dummett considers the relation between metaphysics, our conception of the constitution of reality, and semantics, the theory that explains how statements are determined as true or as false in terms of their composition out of their constituent expressions. He investigates the two concepts on which the bridge that connects semantics to metaphysics rests, meaning and truth, and the role of justification in a theory of meaning. He then examines the special semantic and metaphysical issues that arise with relation to time and tense. On this basis Dummett puts forward his controversial view of reality as indeterminate: there may be no fact of the matter about whether an object does or does not have a given property. We have to relinquish our deep-held realist understanding of language, the illusion that we know what it is for any proposition that we can frame to be true independently of our having any means of recognizing its truth, and accept that truth depends on our capacity to apprehend it. Dummett concludes with a chapter about God.
